

INFORMATION DIGEST

APRIL 5 - 6 , 2023

Status of the Ukrainian nuclear power plants and the nuclear industry of Ukraine

- According to SE "NNEGC "Energoatom", as of April 5 - 6 , 2023, 9 power units of Ukrainian nuclear power plants, which are located on the territory controlled by Ukraine, worked to meet the needs of the population and the country's economy.

Current situation on Zaporizhzhya NPP

- According to the SE "NNEGC "Energoatom" as of evening April 5 - 6, 2023, the Zaporizhzhya NPP received power for its in-house needs from the energy system of Ukraine. The radiation situation at the ZNPP site remains normal.

Current situation on Chernobyl NPP and in the Exclusion Zone

- On April 5 - 6, 2023, the radiation situation at the ChNPP site was without changes. The monitored parameters of the equipment were within the boundaries set by the technological regulations. Operating personnel continues to ensure nuclear and radiation safety.

War in Ukraine

- The 408 day of the resistance of Ukraine to the russian military invasion has ended.
- According to the General Staff of the Armed Forces of Ukraine, as of 6 April, Ukrainian defenders repelled over 20 russian attacks, around 10 of them on the Bakhmut front [eastern Ukraine]. The fiercest battles are continuing for Bakhmut, Avdiivka, and Marinka.
- On the Bakhmut front, russians continued their assault on the city of Bakhmut, trying to establish full control over it. The fierce battles are ongoing.
- Over the course of the past 24 hours, russian forces conducted unsuccessful offensive operations near the settlements of Orikhovo-Vasylivka and Bohdanivka. Units of the Defence Forces repelled around 10 enemy attacks on the specified area of the front.
- Over 15 settlements located near the contact line were affected by enemy attacks.
- There were no significant changes on the northern fronts. russia continues to use belarusian airspace and territory in its war against Ukraine. There is no evidence that russia is forming new offensive units, though it continues to maintain its troops on the russian-Ukrainian border in Kursk and Belgorod oblasts, russia.
- On the Zaporizhzhya and Kherson fronts [southern Ukraine], the occupiers fortified their defence positions. russians attacked 15 settlements, including the city of Kherson.
- Over the course of the past 24 hours, the Ukrainian Air Force delivered six strikes on

These legendary pilots guard the airspace over Kiev and the region. For repeatedly successfully completed tasks, they are called "Ghosts of Kyiv". Our heroes are a terrible dream of russian occupiers.

They are expecting F-16 multipurpose aircraft. They are ready to master them in the shortest possible time.

In the meantime, Ukrainian pilots skillfully close our skies on Soviet aircraft. Every day they do their best; squeeze everything out of this technique and work to ensure a calm sky for every Ukrainian!
