## SEPTEMBER 06, 2023

### Status of the Ukrainian nuclear power plants and the nuclear industry of Ukraine

- According to SE NNEGC Energoatom, as of September 6, power units of Ukrainian nuclear power plants, which are located on the territory controlled by Ukraine, worked to meet the needs of the population and the country's economy.
- Another rotation of experts from the IAEA permanent mission on nuclear safety and security took place at Rivne NPP. The 12th rotational team of experts from the International Atomic Energy Agency has already arrived at the RNPP. It included specialists from the USA and Nigeria, who will be at the RNPP for three weeks. They will carry out rounds and inspections of premises and equipment, conduct interviews with personnel.
- Recall that IAEA experts work at all operating Ukrainian nuclear power plants in response to an official request from the government of Ukraine. At the temporarily occupied Zaporizhzhya NPP, the permanent mission of the Agency has been operating since September 2022.

### Current situation on Zaporizhzhya NPP

- According to the SE NNEGC "Energoatom" as of September 6, 2023, the Zaporizhzhya NPP received power for its in-house needs from the energy system of Ukraine. As of 08:00 on September 6, 2023, the radiation state at the Zaporizhzhya NPP was within the current norms.
- SE NNEGC Energoatom reports that as of 08:00 on September 6, the water level in the cooling pond of Zaporizhzhya NPP was 16.03 m. The situation remains stable and under control.

### Current situation on Chernobyl NPP and in the Exclusion Zone

- On September 6, 2023, the radiation situation at the ChNPP site was without changes. The monitored parameters of the equipment were within the boundaries set by the technological regulations. Operating personnel continues to ensure nuclear and radiation safety.

### War in Ukraine

- On September 6, 2023, the 560 day of the resistance of Ukraine to the Russian military invasion has ended.
- According to the General Staff of the Armed Forces of Ukraine, Ukrainian Defence Forces continue to conduct offensive actions on the Bakhmut and Melitopol fronts. They also continue to hold back the advance of Russian troops on the Avdiivka, Marinka, Lyman fronts [eastern Ukraine].

- On the Melitopol front, they have gained success in the areas south of Robotyne and west of Verbove, where they are consolidating their positions. On the Bakhmut front, Ukraine's Armed Forces continue to advance south of the city of Bakhmut. Ukrainian defenders are driving the russians out of their positions and consolidating their positions. Thirty-nine combat clashes with russian forces occurred at the contact zone over the past day.
- On the northern fronts, russia launched an airstrike in Kharkiv Oblast. More than 25 settlements came under artillery and mortar attacks.
- On the night of September 6-7, the Ukrainian Air Force reported that a group of attack drones was flying from the Black Sea towards the Izmail district in Odesa Oblast, specifying that the Russian drones were moving toward Kiliia, Izmail and Reni, on the border with Romania.
- russian terrorists launched a three-hour drone attack on the night of 5-6 September on the Izmail District of Odesa Oblast, causing damage and killing one person.
- The deaths of 16 people have been confirmed after an attack on the city of Kostyantynivka on 6 September. The police have ruled out the possibility that the russians used artillery systems. The Russian military hit the town of Kostyantynivka, Donetsk Oblast, on Wednesday afternoon.
- On Wednesday, 5 September, Antony Blinken, US Secretary of State, has arrived in Kyiv on an official visit.
