

INFORMATION DIGEST

OCTOBER 23-24, 2023

Status of the Ukrainian nuclear power plants and the nuclear industry of Ukraine

- According to SE NNEGC Energoatom, on October 23-24, 2023 power units of Ukrainian nuclear power plants, which are located on the territory controlled by Ukraine, worked to meet the needs of the population and the country's economy.

Current situation on Zaporizhzhya NPP

- According to the SE NNEGC Energoatom as of October 23-24, 2023, the Zaporizhzhya NPP received power for its in-house needs from the energy system of Ukraine. SE NNEGC Energoatom reports that as of 08:00 on October 24 the water level in the cooling pond of Zaporizhzhya NPP was 15.69 m. The situation remains stable and under control.

Current situation on Chernobyl NPP and in the Exclusion Zone

- On October 23-24, 2023, the radiation situation at the ChNPP site was without changes. The monitored parameters of the equipment were within the boundaries set by the technological regulations. Operating personnel continues to ensure nuclear and radiation safety.

War in Ukraine

- October 24, 2023, is the 608 day of the resistance of Ukraine to the Russian military invasion.
- According to the General Staff of the Armed Forces of Ukraine, Ukrainian defenders repelled numerous attacks by the Russian forces on seven fronts in eastern Ukraine. Units of the State Border Guard Service, as part of the Defence Forces of Ukraine, are resisting the attacks of the Russian occupation forces on the Marinka front. On the Lyman front, Ukrainian Defence Forces are holding their ground and have repelled just about all Russian attacks and also conducted an offensive on the Melitopol and Bakhmut fronts. On the Avdiivka front, the Russians have kept trying to encircle the city of Avdiivka and have actively used their aircraft, whereas Ukrainian soldiers steadfastly held the defence.
- The Russian Federation troops, constantly replenishing their forces, are trying to capture a strategically important railway junction on the Kupiansk front – Kupiansk-Vuzlovyi. The latest data from the General Staff of the Armed Forces of Ukraine shows that Ukrainian troops repelled about five attacks by Russians on the Kupiansk front over the past day, in particular near the village of Ivanivka (Kharkiv Oblast).
- In the northern direction, there were no significant changes. There were no signs

of the formation of offensive groups. Certain units of the Armed Forces of belarus performed tasks along the border with Ukraine.

- russians attacked Ukraine with six Shahed drones overnight on October 23-24, and the Ukrainian Air Force destroyed all russian targets.
- About 110 settlements in Chernihiv, Sumy, Kharkiv, Luhansk, Donetsk, Zaporizhzhya and Kherson oblasts came under russian artillery fire.
- On Sunday evening, October 22, russian troops struck an infrastructure facility in Donetsk Oblast causing a fire, and attacked the Beryslav and Kherson districts in Kherson Oblast overnight, leaving a man injured. Ukrainian energy company DTEK reported that one of its thermal power plants had been damaged by a russian attack on the evening of October 22. There were no casualties, but the company's equipment was severely damaged.
- russian forces attacked Ukrainian territory on the night of October 23-24. The invaders dropped incendiary bombs on Kherson Oblast. Two people have been killed and 14 more, including a child, have been injured. Four more people were injured in Kharkiv Oblast.
- russia has concentrated 400,000 soldiers on the territory of Ukraine, according to Ukraine's Defence Intelligence. "There are enough forces for separate operations on separate sections of the front. And the group of invaders in Ukraine in the temporarily occupied territories, we recall, is more than 400,000 russian servicemen. And, of course, this is a considerable number of personnel", Andrii Yusov, representative of Defence Intelligence of Ukraine says.
